

DISCONTINUATION OF TEMPORARY LOANER FURNITURE AND APPLIANCES SUPPORT FOR OFF-BASE BACHELORS

Due to the loss of funding and limited supplies, the furnishings and appliance support for off-base bachelors has been discontinued. The furnishings and appliance support includes providing, picking up, repairing, replacing temporary furniture and household appliances.

Accordingly, off-base bachelors requesting furnishings or appliances will have to request their names be placed on a waiting list. If the items requested become available, the member will be contacted for pick-up.

Please note that this policy change does not apply to items that were delivered by the contractor or items that were issued prior to 14 November 2003. However, repair or replacement service for the items will not be provided. For further information, please contact the Housing Furniture/Appliance Support Desk at DSN 243-6889 or nfh162f@cnfj.navy.mil.

NEW HIGH-RISES UNDER CONSTRUCTION

The new 9-storied 3 bedroom high-rises across the street from the Navy Lodge are scheduled to open by the next spring. Currently, the interior work is being accomplished. We expect the start of housing assignments to these high-rises will begin once we are provided an available date. Designation and allocation of the units will be completed by the end of September 2004.
